Domaine du Soleil

May 2021 - February 2024

Farm Worker

- Assisted with planting and harvesting a variety of organic vegetables, including lettuce, spinach, and zucchini.
- Performed irrigation duties, ensuring crops received adequate water by managing sprinkler systems and drip lines.
- Maintained farm hygiene by cleaning tools, equipment, and workspaces regularly to prevent cross-contamination.
- Supported the packaging and distribution of organic produce to local farmers' markets and grocery stores.
- Worked closely with farm managers to monitor plant health and identified pest or disease problems.
- Assisted in the preparation and maintenance of compost piles for organic fertilization.

Ferme du Bois Vert

June 2019 - April 2021

Farm Assistant

- Carried out general farm labor tasks, including fence repairs, irrigation maintenance, and field preparation.
- Assisted with the care of livestock, feeding animals and checking their overall health on a daily basis.
- Helped with the planting of crops, using both manual tools and machinery to prepare the soil and plant seeds.
- Worked as part of a team to harvest wheat and other grains, ensuring that all produce was properly sorted and stored.
- Monitored crop growth, recording key information such as soil quality and plant health for future planning.
- Ensured that safety standards were met on all farm tasks, including the proper use of protective gear and equipment.

Les Champs Dorés

January 2017 - May 2019

General Farm Worker

- Managed soil preparation and assisted in planting various crops.
- Performed manual labor tasks such as weeding and irrigation system maintenance.
- Collaborated with farm owners to improve operational efficiency.
- Trained new workers on farm safety procedures and equipment handling.
